

Charging While Traveling

It can feel intimidating to try to plan a road trip with your electric vehicle (EV) not knowing where public charging stations are located.

Did you know Energy.gov has an “Alternative Fueling Station Locator” to help you map out your travel route based on available EV chargers? You can filter by type of charger, Level 1, Level 2, or DC Fast Charger, as well as by Connector type. This locator is available online as well as via an app for both Apple and Android devices. Be sure to check the locator often to ensure chargers are in working condition.

Additional MPU Customer Programs

MPU offers several customer programs to assist our customers with saving energy and reducing utility bills. Please visit our website at www.MPU.org for additional program details.

Energy Star Appliance Rebate

MPU offers a rebate program to customers purchasing new energy efficient appliances including: refrigerators, dishwashers, electric clothes dryers, freezers, dehumidifiers, and window air conditioners.

Community Solar Program

This is a first-come-first-serve program that allows customers to experience the benefits of solar generation without the upfront cost of rooftop panels. Customers can elect to participate in 1 KW increments up to 20 KW.

Focus On Energy

MPU’s conservation partner, Focus On Energy, offers many rebate programs for customers including one free energy pack per customer per calendar year. These packs include energy saving materials such as LED bulbs and window insulating kits. Visit www.focusonenergy.com to learn more.

Electric Vehicle Charging Station Rebate

Level Two Electric Vehicle Charging Station Rebate

Earn up to a **\$500** rebate for the purchase and installation of a Level 2 Electric Vehicle Charging Station!

Rebate Terms:

- The rebate amount will be the cost of the charger plus installation (excluding tax) up to \$500.
- Funding is limited; rebates are provided on a first-come-first-serve basis as applications are received.
- Limit of two (2) rebates per account.

Details & Conditions:

- Available to MPU electric customers who install the Level 2 EV Charging Station at their premise. MPU may inspect the premise to verify the installation.
- The original sales receipt and installation invoice (if applicable) must be submitted with the application within 90 days of the purchase date on sales receipt.
- Rebate will not exceed cost of charger and installation (excluding tax).
- At MPU’s sole discretion, the program may be discontinued at any time and for any reason.
- Complete the application information below and mail to, or drop off at, Manitowoc Public Utilities, 1303 S. 8th Street, Manitowoc, WI 54220.
