

Focus On Energy Incentives & Information

Focus on Energy partners with utilities in Wisconsin to offer rebates, and conservation programs, to help customers save energy and money. Below are a few of their offerings:

Smart Thermostat Incentive

Smart Thermostats have the ability to help save energy by adjusting the temperature appropriately throughout the day. Additionally, many can be controlled via an app on your phone for easy adjusting. Qualified Smart Thermostat purchases are eligible to receive a \$50 rebate!

Please visit Focus on Energy's website at www.focusonenergy.com to learn more about Smart Thermostats and to see the list of qualified products.

Free Energy Efficiency Packs

You can order a Free Energy Efficiency Pack from Focus on Energy on an annual, one-per-calendar-year, basis. These packs are filled with efficient electric and water products.

Please visit Focus on Energy's website at www.focusonenergymarketplace.com/free to view the different packs that are available.

Additional MPU Programs

MPU is dedicated to offering energy-saving programs to our customers. For more detailed information on offered programs and ways to reduce your utility bill, please visit our website at www.mpu.org.

Electric Vehicle Charging Station Rebate

MPU offers up to a \$500 rebate for the purchase, and installation of, a Level 2 Electric Vehicle Charging Station. Each customer can claim up to two (2) rebates. Funds are limited so rebates are on a first-come-first-serve basis as applications are received. The rebate application form can be found on our website.
